Major Water Cut Scheduled in South Mumbai Due to Infrastructure Upgrade

Mumbai

Planned water cut by Brihanmumbai Municipal Corporation (BMC) due to valve installation work. On April 16 (10 AM) to April 17 (4 AM) approximately 18 hours. It will affect the South Mumbai (A-F/South wards) including Chhatrapati Shivaji Maharaj Terminus (CSMT), Fort, Dockyard, Byculla, Sewri; Fort area hosts key financial/IT offices. It will impact the Infrastructure upgrade; expected water disruption affecting residents, offices, and commercial operations. Businesses should Store backup water, defer critical operations, and adopt flexible/remote work to reduce business impact.

Mega Block Causes Major Disruptions to Mumbai Suburban Train Services

A mega block by Central Railway disrupted Mumbai suburban train services. Conducted on April 12, 2026 (Sunday) from 10:55 AM to 3:55 PM. On slow lines between CSMT and Vidyavihar, affecting Central and Harbour line operations in Mumbai. If it's continues tomorrow Scheduled maintenance (track, signalling, overhead systems) caused diversions and cancellations, impacting commuter movement and workforce availability. Transport should adopt flexible work arrangements and alternate commute planning to ensure business continuity.

Heatwave Alert Across India as Temperatures Rise

The India Meteorological Department has warned of rising temperatures and heatwave conditions across several parts of India, with many regions expected to record above-normal temperatures in the coming days. States such as Maharashtra, Gujarat, Andhra Pradesh, and parts of North India are already seeing temperatures cross 40°C, with further increases likely. Implement heat safety measures such as rescheduling outdoor work to early morning or evening hours, ensuring access to hydration and cooling facilities, and issuing health advisories to employees. Monitor local weather alerts closely and prepare for potential strain on power supply and infrastructure during peak heat conditions.
